

## CME INFORMATION

### SCOTTSDALE INTERVENTIONAL FORUM (SIF 2025) MARCH 3-6, 2025 SCOTTSDALE, ARIZONA

#### Overview

This symposium is designed to provide participants the requisite skills to advance bedside patient management, apply innovative therapies in the most practical manner, thus quantifiably improving the outcomes of patients suffering from cardiovascular disease.

#### Target Audience

This activity is designed to meet the educational requirements for physicians, nurses, and allied health participants the most comprehensive, state-of-the-art review of pathophysiologic disease mechanism, diagnostic imaging and expert management strategies for the treatment of those afflicted with advanced cardiovascular disorders.

#### Learning Objectives

- Explain the role of mechanical circulatory support in patients undergoing complex coronary intervention.
- Discuss novel stent platforms and the regulatory pathway to FDA approval.
- Formulate a practical understanding of newer methodologies for plaque and calcium modification in coronary disease management.
- Explain the relative merits of surgical vs. percutaneous revascularization in diabetic patients with complex coronary anatomy.
- Discuss the role for advanced imaging in cardiovascular disease management including noninvasive imaging and high resolution invasive coronary imaging (OCT and IVUS).
- Describe the emerging role of mechanical left atrial appendage therapy, novel Cerebral Embolic Protection devices and adjunctive devices in the management of structural heart disease.
- Apply the knowledge of radial-based and other alternative access approaches to cardiovascular disease therapy.
- Define the role of transcatheter and surgical therapies for patients with advanced aortic stenosis and aortic insufficiency.
- Define the role of transcatheter aortic valve replacement (TAVR) in symptomatic, moderate severity aortic stenosis patients.
- Describe the catheter-based therapies for those with degenerative and functional mitral valve disorders.
- Define emerging therapies for patients with tricuspid and pulmonic valve disease.
- Review the most relevant trials in coronary and structural heart disease which will shape the immediate future of patient management.
- Review the most relevant recent trials in antiplatelet and antithrombotic management.

## **Accreditation**

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of *CMEsolutions* and Gaffney Events. The *CMEsolutions* is accredited by the ACCME to provide continuing medical education for physicians.

The *CMEsolutions* designates this live activity for a maximum of 30.0 *AMA PRA Category 1 Credits*<sup>™</sup>. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

## **American Board of Internal Medicine (ABIM) MOC**

Successful completion of this CME activity, which includes participation in the evaluation component and 75% passing on MOC test, enables the participant to earn up to 30.0 Medical Knowledge MOC points in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

## **American Board of Surgery (ABS) MOC**

Successful completion of this CME activity enables the learner to earn credit toward the CME requirements of the American Board of Surgery's Continuous Certification program. It is the CME activity provider's responsibility to submit learner completion information to ACCME for the purpose of granting ABS credit.

*MOC points will be reported within 30 days of claiming credit.*

## **Nursing Contact Hour Information**

This nursing continuing professional development activity was approved by Montana Nurses Association, an accredited approver with distinction by the American Nurses Credentialing Center's Commission on Accreditation.

30.0 Contact Hours

## **ASRT**

Scottsdale Interventional Forum (SIF 2025) – Day 1 – 9.5 Category A Credits

Scottsdale Interventional Forum (SIF 2025) – Day 2 – 9.5 Category A Credits

Scottsdale Interventional Forum (SIF 2025) – Day 3 – 9.75 Category A Credits

Scottsdale Interventional Forum (SIF 2025) – Day 4 – 5.5 Category A Credits

### **PARTICIPATION REQUIREMENTS**

1. Read CME Information.
2. Attend/Participate in Sessions – credit given commensurate with attendance.
3. Logon to the following URL: <https://www.online-med-edu.com/sif/030325/cme>
4. Complete evaluation, credit request form, MOC request, and download or print credit statement/Certificate. MOC credit will appear in your ABIM account four weeks after successful completion of your request.

Participants have 60 days to claim *AMA PRA Category 1 Credits*<sup>™</sup> and ABIM MOC.
